Communication.

MR. EDITOR.—I noticed in your last week's issue an article written by a gentleman from Jenkin's Bridge who styles himself "Oysterman," stating that the Board had authorized inspectors to grant dredgers license to work in Chesapeake bay and Potomac river from October 1st 1885, instead of October 15th according to the law. I wish to say for the benefit of the public that "Oysterman" is mistaken. It was a misprint in the date in the resolution; which mistake the Auditor corrected with a pen before sending resolution to me.
